Vector® S 15, the smart choice

The Vector S 15 unit is a smart, simple and tailored solution for trailers, suitable for long journeys as well as for regional deliveries. Its semi-electric architecture will allow you to simplify your maintenance while traveling anywhere with its stage V compliant engine.

KEY BENEFITS

High cooling capacity

Low fuel burn

Stage V* standards for diesel engines

*EU Non Road Mobile Machinery (NRMM) Regulation EU/2016/1628

Fast temperature pulldown

Simple to use and maintain

Lightest weight in the segment

FROM INNER CITY TO LONG HAUL

The Vector S 15 is suitable for many applications, whether you are operating in cities or on long hauls. This unit will allow you to comply with standard emission regulations and is also ideal for long distance deliveries. It is a simple, powerful and operationally cost-sensitive solution.
